BYNM

RE: Software Engineer

Dear Recruiter,

Recently, I learned BYNM's opening for a new Software Engineer and I am responding with hopes of being considered for this role. With a strong knowledge of your organization's mission and values, I am confident that my background and commitment will serve well in supporting company progress.

I strive to maintain accuracy and consistency in task completion, individual performance and team goal-achievement, using acute attention to detail. Additionally, I offer communication, time-management and scheduling flexibility. My goal is to apply programming and software development to support increased efficiency.

Please review my attached resume which provides additional details of my education and employment experience. I believe my problem-solving and technical support abilities will provide an invaluable asset to your team. I would welcome the opportunity for an interview to further discuss the position and the ways in which I can positively impact BYNM's growth.

Thank you for your time and consideration.

Sincerely,
Vaibhav Rajoriya
